A PERFECT MATCH is placing our pets in a foster home, where the foster will provide a healthy, safe, secure and loving environment and where the pet is able to live until adopted out. Fostering requires caring for physically or medical needs that will be provided, if necessary (e.g. medication will be administered or training). The completed Foster Application is a contract, therefore all provided information in this application must be answered correctly. Completing the application is not an approval to become a foster. When you get the approval to foster the pet, you are taking over the responsibility and liability for all incidents that might occur while the pet is in your care and the rescue cannot be held responsible for.

A foster is not allowed to make commitments to give the pet to another party, list the pet in any public forum or paper, turn it into a shelter or adopt it out on their own. The rescue has to be notified immediately if something happens to the pet, if it becomes, sick, lost, stolen or injured. Without the rescue's approval, no expenses spent for the pet are refundable. A foster has the responsibility and liability for the pet while in foster care, this includes public places, the foster home and everywhere the foster takes the pet. Keeping the pet and any other party safe and secure by having the pet always on appropriate collar, harness, leash etc. and keeping yard/property secure with appropriate fencing and gates so the pet cannot escape. The foster agrees not to leave a pet unattended or untethered or unleashed outside, or out of eyesight and to avoid loss situations arising out of or related to while the pet is in foster care.
